

XTOUCH-220

SHARX[®] Industrial Protective Gloves – Precision Touch Series

Product Overview

XTOUCH-220 is engineered for precision-based work environments requiring flexibility and clean handling. The lightweight 13GG seamless black polyester liner ensures comfort and breathability, while the black PU coating enhances tactile sensitivity and dry grip control.

Key Features

- 13 Gauge Black Polyester liner
- Black PU Palm Coating
- High dexterity and tactile sensitivity
- Lightweight and breathable construction
- Professional black appearance
- Excellent abrasion resistance (Level 3)
- Comfortable ergonomic fit
- Textile safety compliance according to ES 7266-4/2023
- Manufactured in accordance with OEKO-TEX[®] Standard 100 requirements

Performance & Standards

- EN 388:2016 + A1:2018 – Protective gloves against mechanical risks
- Abrasion Resistance: Level 3
- Cut Resistance (Coup Test): Level 1
- Tear Resistance: Level 2
- Puncture Resistance: Level 1
- ISO 13997 Cut Resistance: Not Applicable
- Overall Mechanical Performance: 3121X
- ES 7266-4/2023 – Safety and health criteria and labelling for textile products (Part 4: Garments)

Industries / Applications

Industries

- Electronics Assembly
- Precision Manufacturing
- Automotive Components
- Warehousing & Packaging
- Quality Inspection

Applications

- Small parts assembly
- Light material handling
- Inspection tasks
- Packaging operations
- Clean environment handling

Material Construction

- Liner: 13 Gauge Black Polyester
- Coating: Black PU Palm Coated
- Construction Type: Palm Coated
- Cuff: Elastic knitted wrist
- Manufactured in accordance with OEKO-TEX[®] Standard 100 requirements

Testing & Certification Details

- Tested according to EN 388:2016 + A1:2018
- EN 388 Mechanical Classification: 3121X
- Compliant with ES 7266-4/2023 textile safety requirements
- Included under Egypt Certificate of Conformity (COC) program
- Fully compliant with applicable PPE standards
